

Here at the workshop @MesMainsEnLiberte everyone has the opportunity to experiment, discover and develop their potential through

Around the clay ...

Sculpture and modelling

Firstly design and then create your own pieces, modelling the clay without the use of a wheel. Produce sculptures or learn about hand-building clay – either in the workshop or in the garden at my home in Sauvetat du Dropt (between Eymet and Miramont de Guyenne)

My name is Houria, I am a qualified teacher (a graduate in Visual Arts, Sorbonne). I can teach many different techniques using ceramics, pottery and sculpture – adapting the lessons to each individual's own skill level and objectives.

At the workshop I offer lessons in hand-building clay and sculpture & modelling, interesting for those who have previous knowledge as well as total beginners. Small groups of 4 pupils only.

Modelling: You will be taught a variety of techniques to create your pieces of art without the use of a wheel:

Coil pinch slab building

Bowls, plates, cups....or even create your own jewellery: different shapes and forms of beads – and then decorate your masterpiece!

Sculptures: Arrive with your own ideas or take inspiration from the teacher....anything from animals, to a figure, a bust ... a unique piece that you have designed yourself (Maximum 25cm)

You can buy

Around water and colours...

Watercolour

Learn the art of watercolours : develop your skills using the magical mix of water and colours to create your own masterpiece.

Lessons are individually tailored and particularly suited to adult beginners.

If you have never tried painting with watercolours before or you are even a bit hesitant about learning new skill – rest assured that the lessons will be targeted to your specific needs: your abilities and your personal objectives, so that step by step you will be able to improve on your artistic aspirations.

The watercolours course : The magic of water and washes. Design and discover. A study of contrasts, perspectives and light. Learn about graduate, variegated and flat washes, the importance of water on the paper, the alchemy of mixing colours and hues.

Tarifs :

Lessons in small groups of up to 4 people (days/hours arranged to suit the group)

sessions of 2 hours

Carnet de 10 cours : 150€

Gift voucher: session of 2 hours, 40 €uros

Information: Some materials are available in the workshop such as sketch sheets, drawing pencils, watercolours paper, colours and pigments, brushes

Some reference book are also available but you are more than welcome to arrive with your own ideas and inspiration.

Terms and conditions:

The cost of the lesson/package is due at the start of each session.

There is no refund for lessons not taken

Payment by cash, paypal or cheque

Regular classes are arranged to accommodate the whole group's availability, as are gift vouchers.

For all lessons please arrive with an apron (and mask when/if necessary)

No refunds for pre-paid lessons and gift vouchers.

All finished work will be kept for 6 months. If not collected by then they will be destroyed

You must allow at least 3 hours of lesson time to be able to finish and decorate a piece. Therefore 2 x sessions of 1 ½ hours will give you a simple and unique work of art.

The lessons take place in a friendly atmosphere of exchange of ideas, knowledge and experience – in small groups of 4

When working with clay you will come to realise that this is a special time for self expression and relaxation, a time to forget about the pressures of daily life and just take pleasure in the simple joy of creating something unique with your own hands and your own imagination.
